THE CHAIRMAN VIEWS THE FAIR

When asked about his views regarding the coming Community Fair, Major Hennie had this to say:

"The Griesbach Fair has become an event which annually creates excitement and enthusiasm for young and old in our Community. This Fair is sponsored by the Griesbach Association and is not considered one of their large money making projects. The Fair is operated primarily to provide pleasure and entertainment for all members of the Griesbach Community at the lowest possible prices.

"It is appreciated that for many families in Griesbach the father, through the demands of training, is required to be in Camp Wainwright or other training areas during that period when the Calgary Stampede and the Edmonton Exhibition are operating. With this in mind, the Griesbach Fair is normally staged on the first Saturday in June thereby permitting every family in Griesbach to enjoy the spirit and excitement that usually accompanies an event of this type."

The Fair on Saturday, June 3rd, is your Fair.
Bring the whole family and enjoy it.

Don't miss the gala parade which boasts 400 people, 20 vehicles, horses, clowns — all led by the Band of the Princess Patricia's Canadian Light Infantry.

OPERATION CENSUS — 1961

Did you look for work last week? Number of hours usually worked each week? (This should pose a head scratcher for some). What is your religion? Can you speak English? To what ethnic or cultural group did you or your ancestor (on the male side) belong on coming to this continent?

These are just a few of approximately twenty-six questions to be asked at each household this month when eighteen enumerators take pen in hand and cover the Griesbach Area for the 1961 Census. This team will be selected from local NCO's, each having received training in this specific duty.

Why a census? All this may seem to some people to be making a great fuss about something of only academic interest. But it is not so. The resulting figures are vitally important to government, industry and social workers. The questions must be limited in number, so as to make the taking of the census practicable, but they are so well designed that the answers add up to a broad, accurate and useful picture of the Canadian scene.

It doesn't matter where a person lives, the census-takers are charged with finding him for the record — in palatial apartments, btm loft, hobo jungle, abandoned lighthouse or converted chicken house.

The co-operation of all Griesbach residents is requested when the enumerator calls at your home. The questions are simple, so be prompt and correct with your answers. It will save you time and and simplify the job of the census-taker in your district.

Review Cadet Corps At Annual Inspection

(Western Command Public Relations Photo)

Local Cadets Among Finest

"A credit to their corps and to their sponsor" - was the opinion of those attending the annual inspection of the PPCLI Cadet Corps held at Hamilton Gault Barracks on the evening of Wednesday, 17th May, 1961.

The cadets were inspected by Lt Col C. J. A. Hamilton, MBE, CD, Officer Commanding 2 PPCLI, and passed in review under command of Cadet Lt D. Lewis.

Awards for the year 1960-61 were presented on conclusion of the inspection. Cadet Lt. D. Lewis received the "Brigadier W.C. Colquhoun Cup" for the Most Outstanding Cadet. Best Dressed Awards went to Cadet S. Beck and

Cadet T. Yeatman. Awards for Best Shot were presented to Cadet J. Stanischewsky, D., Cadet Sgt D. C Jourdain and Cadet L/Cpl. D. McConnell. Cadet CSM G. Kemsley was justifiably awarded Top Cadet for National Cadet Camp. Thirteen awards were also made for Top Attendance.

In addressing the Cadets, Lt. Col. Hamilton impressed upon them their responsibility of fulfilling their obligations to their school, parents and their Corps.

The evening concluded with a demonstration of fieldcraft, wire-lass, code, first aid and drill following which they were host to their parents at an informal lunch.

GROUNDS BEAUTIFICATION COMPETITION

As a reward for the long hours spent by PMQ residents in beautifying their lots, the Area Commander has agreed to donate \$200.00 from the Central Fund as prize money in a Grounds Beautification Competition.

All PMQ residents in Griesbach are eligible for a prize. The competition is designed to award prizes to those residents who, during the summer months, keep their lawns cut and trimmed; their flower beds (if any) neat and weed-free; their trees (if any), well tended. In other words, prizes will be awarded to those residents whose lots display the best well-cared-for and tidy appearance during the summer.

The competition will cover the months of June, July and August. Seven prizes will be awarded each month for a total of 21 prizes. In June and July the prizes each month will be: 1st — \$15.00; 2nd — \$10.00; 3rd, 4th, 5th, 6th and 7th — \$5.00 each. In August each prize will be doubled for a total of \$100.00 for the month. A resident may receive one prize a month, for a possible total of three prizes over the summer.

The competition will be supervised by the Griesbach Council. Judges will be selected by the Council. It is hoped that the judges will be able to visit each home during the middle two weeks of each home.

"COME-HOME" SIGNAL

Major Hennie, Chairman of the Griesbach Council, is pleased to announce that the installation of the steam whistle, purchased by the Council, has been completed.

The steam whistle is located on the Central heating plant. It will be blown for the first time on June 3rd, the day of the Community Fair, and daily thereafter. The whistle will be blown twice daily — at noon and 8:00 p.m.

The main purpose of the whistle is to act as a "come-home" signal for young children in Griesbach.

Receive Third Bell

A ship's bell that clanged the time for thousands of Canadian servicemen on route overseas, and stood mutely-by as they carried the fight to the beaches of the enemy, will become the proud possession of those it served so well.

At a special ceremony in Ottawa, May 10th, the bell from the Canadian Pacific Steamships Line the "Empress of France," was presented to Col. John Wallis, Director of Movements for the Army, by the Canadian manager of CPS,

J. R. Y. Johnston, of Montreal.

Its permanent home will be the Officers' Mess, No. 9 Transport Company, Royal Canadian Army Service Corps, in Ottawa. As all movements of troops are co-ordinated by the Directorate of Movements, which draws its personnel from the RCASC, it was thought fitting that the bell should be placed in one of the messes of the Corps.

The grand old "Empress," was commissioned the "Duchess of Bedford", in 1928. In a new coat of

dull grey, she entered war service in 1939. During those gallant years she struck a blow for all sister ships when she sunk a German U-boat and put another to flight.

Escaping with thousands of survivors from Singapore, where she withstood a three-day aerial bombardment, the proud "Duchess" went on to play an active part in the landing of Canadian troops in Sicily as well as carry thousands of troops overseas to the battle fronts.

From the freezing Arctic to the tropics, she steamed over 320,000 nautical miles carrying a total of 150,000 allied troops.

With the fighting over, the Duchess of Bedford steamed many more miles bringing repatriated servicemen and war brides home.

Elevated to an "Empress" on her return from active service, she was to continue her alliance with Canada's fighting men. As the Empress of France, she has carried thousands of troops and dependents of service personnel to

duty with Canada's NATO Brigade in West Germany.

Two other ship bells have become the possession of the Canadian Army since the end of the Second World War. The bell from the S.S. Samaria, rests at Headquarters Mess in Halifax. The other, from the S.S. Scythia, is on display at the RCASC Museum at Camp Borden, Ont.

The Empress of France was taken out of service by the Canadian Pacific Steamships, in November, 1960.

GRIESBACH LITTLE LEAGUE BASEBALL

The Little League schedule got off to a start on Monday, May 22, with the Dodgers meeting the Red Sox.

Games are being played on the diamond west of the 2 PPCLI skating rink. (See the schedule in this edition).

This year we are increasing the League to 6 teams and have acquired two new sponsors:

Giants by the Bank of Montreal.
Indians by Acme Novelty.

We thank them for their support and interest in our baseball league.

Give the boys your support and turn out for their games.

"A SPORTING THOUGHT"

With the official advent of spring, we suddenly find ourselves knee-deep in sportsmen. Golfers, fishermen, ball-players, and all the varied ranks of sports enthusiasts, eagerly awaiting the starting signal for that particular brand of sports activity in which they hope to excel. Recently overheard by your ear-to-the-ground scribe were (1) plans for two fishing trips, (2) plans for a twosome and a foursome, (3) a discussion, heated, on the relative merits (last year) of teams in the Griesbach Softball League.

Because of these activities, each spring the widowed population soars into astronomical figures; even if one should hear the faint grumblings of revolt, ignore them. Please, fellows, beware the little woman who states "If you can't beat them, join them." For if you wish to preserve that male prerogative of swearing like blazes, as your ball hooks into the rough; if you wish to maintain the right of coming into camp at night, tired, dirty and unshaven, with a tremendous tale of the big one which got away, don't listen to these blandishments.

On the contrary, one should boldly repel all such advances, unless of course your female of the species happens to be larger and tougher than yourself. In the event of this occurrence, may the saints forbid, why then retire behind the pale and devote your leisure time to gardening. This activity you may safely invite the ladies to join.

R. H. D. Hodges.

BOYS' SOCCER LEAGUE

The Griesbach Boys' Soccer team is once again entered in the Northern Division of the City League. As we go to print we unfortunately are unable to print the schedule as it has not been completed to date.

This year we are fortunate in having a good number of the boys from last year's team.

Don't forget the age limit, fellows — not 15 before April 1st.

This will allow Pony League players to play soccer too, as a lot of games take place on Saturday morning and the occasional evening and therefore will not interfere with baseball.

Last year was our first attempt at soccer and we did fairly well. This year we hope to do much better.

Turn out, boys, and show us that you can play soccer.

Capt. Sibley has volunteered to help with the team arrangement. Thanks for the support, Fred. We really can use it.

PONY LEAGUE BASEBALL

The Pony League team is entered in the City League. WO2 Hodges of 10 SDB, has the boys in hand and will be taking care of the team this year.

We are fortunate in having some of last year's players to help out, so we should do much better this year.

Best of luck in the City League, fellas!

Spring training is getting under way, and this brings to mind that things could be worse. Suppose your errors were counted and published every day like those of a baseball player.

EDMONTON PROVOST DETACHMENT

As the bicycle riders of today will be the car drivers of tomorrow, and with the thought of maintaining a high standard of Traffic Safety, the Griesbach Pedal Pushers Club has again been organized, and is in full swing. There are 155 students from grades 1 to 6 participating. Classes are held each week-day evening and Saturday afternoons. Safety lessons are given in the Curling Rink, and the practical riding is conducted on a course, marked out on the parking lot at the West side of the SnackBar. All parents are welcome to attend any of these lessons.

On Sunday, 21 May, 1961, all participants will be tested on a bicycle rodeo course, and on qualification, awarded their "Skilled Rider Cards", and Club Crests. From this test, the top thirteen riders will be selected to represent Griesbach in the City of Edmonton Parade, on 28 May 61, to compete for the best riding and decorated group. The two top riders will be given the opportunity to represent Griesbach in the Provincial Finals at Red Deer, Alberta, on 11th June, 1961.

L/Cpls. Douglas and Kendall have recently left the Detachment on posting to Calgary. Welcome is extended to Sgt Rollinson, from Camp Borden and Sgt. Blake, from Victoria.

You don't have to lie awake at nights to succeed. Just stay awake during days.

This Canloan Memorial has been paid for through voluntary contributions of Canloan Officers across Canada and in addition, contributions have come from British Regiments, next of kin and friends and in addition, the Canadian Government has contributed land and construction services.

A number of Canloan Officers are still serving in the Canadian Army amongst whom are five stationed in the Griesbach Areas, as follows:

Plans were also begun for the final fling of the year at which the crowning of Miss Griesbach Teen will take place. Arrangements are being made by Ron Lurton and committee for the June 30th affair, with the Maddissons playing.

A bowling club banquet and dance was held at Namao on May 6th. Griesbach Teens were invited to the dance free of charge and a good number of Teens attended. The Strollers provided the music. Thank you, Namao, for a wonderful time, and thanks also go to Lt. and Mrs. Jessome and Mr. and Mrs. M. Brandy for chairing.

May 12th or 13th generally was graduation night for most Grade 12 students.

Better Business Tips

A public service feature provided through the courtesy of the Better Business Bureau of Edmonton with a view to informing Griesbach residents of various business practices of which they should be aware.

TELEVISION TUBE REPLACEMENT

From time to time, we hear of a **New Deal** in connection with tube replacements. The first appeared about two years ago. The customer was to pay an annual premium, based on the age of the tube. If the tube wore out, a replacement could be obtained for one dollar. Of course no mention was made as to what would happen if the company became defunct, which has happened.

Under another scheme, T.V. firms were approached to sign a contract, with a yearly fee, with the promise that he would be supplied with one or two hundred new T.V. repair customers. The contract seller promised to sign up customer contract holders throughout the district, but no mention was made in the contract as to just when this would happen, and a couple of reports were received at this office that the dealers waited several months without getting any customers. Intimidation was also used, in that the suggestion was made — if the dealer didn't sign, his business would be taken to another dealer.

MAGAZINES

Magazines as Christmas gifts are usually very much appreciated, since they can be enjoyed all year. But, make sure the magazines will be wanted. Don't buy on a sympathy appeal — because the salesman tells you he is a Hungarian doctor who hasn't been in Canada long enough to practise, and must earn a thousand points by selling magazines before he can practise. It's very doubtful whether the College of Physicians and Surgeons would be interested in points for selling magazines. Or the personable young lady who is working toward a scholarship to put herself through Nurses' Training. Both of these approaches are unethical and certainly not truthful. These people are earning a living from their commissions, and extra sales may mean a bonus, that's all. If you sign a contract for magazines, you will certainly be expected to pay for them.

WHY BUY SOMETHING NOT NEEDED UNTIL — YOU DON'T KNOW WHEN

Many people today are being persuaded to purchase something they may never need, or at least will probably not need for years to come. When they enter into a contract for such services, have they considered some very important questions which they should ask themselves?

How long has the company been in operation?

Will it be in operation 5 - 10 - 20 years from now?

Who benefits from the use of my money in the meantime? If I had that sum in a trust fund or investment policy, how much would it earn for me?

Does the company give me the right to withdraw from the contract and if so, — will they refund all the payments made?

What happens if the customer invests the same amount of money on his own behalf with a reputable investment company at say — 5½% compound interest? Suppose the sum of \$500.00.

In five years it will be worth \$645.30

In ten years — \$811.70.

In fifteen years — \$1,002.20.

In thirty years it would amount to an excess of \$2,000.00 or in forty-five to \$4,000.00.

HOW CAN BUSINESS OFFER \$50.00 DISCOUNTS?

Occasionally we are made aware of a liberal distribution of these so-called CREDIT CERTIFICATES, which are bait to lure the unwary into a trap. Ethical business will not use these tactics. If merchandise or services are offered, it is the customer's responsibility to do

224 Workshop R.C.E.M.E.

Celebration of the Corps' 17th Anniversary was a howling success and all members who participated in the preparations are to be thanked for their efforts. One of the features of the dinner was a large cake iced with the RCEME crest on it and appropriate lettering. Highlight of the dinner was the presentation of a small brass cannon by Capt. Parton, OC of 224 Workshop, as a memento from the staff and members of the Workshop, to Major Branston, CO of 13 Coy RCEME, upon his forthcoming retirement from the services in July.

We bid farewell to Mr. John Karesa and Al Fuller who will be employed elsewhere, and welcome Mr. Bugnet and Mr. Pearson as new members of the shop. Good time to have the "Beetle" dragged down 127th Street again, Lyle?

Best wishes go out to Sgt. Norm Whitten who is still convalescing in the Colonel Mewburn Hospital after a lengthy illness.

Brownie and Guide Mothers

During the May meeting it was decided four camp uniform would be purchased for guiders. We also received a cheque from Killarney for twenty dollars which we had originally loaned them to start their company.

Mrs. Montalbetti was presented with a gift as a token of our appreciation for all the work she has done for our girls and the organization itself.

The executive would like to take this opportunity to thank the many people who have worked so hard and tirelessly for our children, but now find it necessary to leave the organization..

- Guides will be losing:
- Mrs. Montalbetti - Captain First Company,
 - Betty Mickelberry - Lieutenant First Company,
 - Mrs. Daly - Captain Second Company,
 - Muriel McWhirter - Lieutenant Second Company,
 - Pat Holland - Lieutenant Second Company,
 - Mrs. Small - Lieutenant Third Company.

- Brownies will be losing:
- Mrs. Routledge - plant tester
 - Mrs. Reid - Tawny Owl - Second Pack,
 - Mrs. Plumley - Tawny Owl - Fourth Pack,
 - Mrs. Mody - Snowy Owl - Sixth Pack.
- The executive is losing:
- Mrs. Ingram - vice president
 - Mrs. Kensley - secretary
 - Mrs. Johnson, Mrs. Oulette - tea committee.
- Mrs. Mazerall - treasurer will be replaced by Mrs. Dales.

As you see a greater effort by all mothers will be necessary next fall or this organization will cease to function..

When your child registers in the fall it would be appreciated if mothers would notify their guides as to which capacity they wish to serve. Two mothers are required from each pack and company to attend four monthly meetings.. These will be representative mothers. These people will then phone or contact their telephone committee who will phone all the people in their group as to business and social events within the organization. Testers are also required. With 216 girls now belonging to Brownies and Guides now and a waiting list already formed everyone must realize the organization is in a rather precarious position.

Mrs. Patterson new Captain of Second Company had 17 brownies go up to guides on May 30 in No. 2 School playroom.

There is still room for guides at both summer camps.. Would any parents having space to transport an extra child to guide camp at Sandy Lake please phone Mrs.

Mainprize GR 9-7787. \$35.00 was donated towards the camp fund by the Ladies' Auxiliary.

As Mrs. Montalbetti will be in charge of both camps and unable to leave, Mrs. Kemsley and Mrs. Goodfellow have volunteered to cook food for the first few days of the second camp.

Many thanks to our fire department for the course they gave the guides in the first aid.

Mrs. Ingram will once again be in charge of the fair booth where hot dogs, doughnuts and coffee will be served.

Mrs. Mosely and Mrs. Freed have volunteered their time at a Brownie camp another year.

Anyone wishing cookies may contact Mrs. Murphy or Mrs. Montalbetti as there are still a few boxes left that must be disposed of by the end of ste month.

Brownies and Guides will disband in June to commence with school in September on the same evenings and times as now. Meanwhile mothers do try to decide which job would best suit you and your family situation. You may phone Mrs. Murphy for further information GR9-6029.

Social News

Congratulations to Mr. and Mrs. Tchekemian on the arrival of a baby boy in April. Also to Mr. and Mrs. McGrath on the birth of a son.

Best wishes to Sgt. and Mrs. J. Hudson who celebrated their 13th wedding anniversary on May 15th and to Sgt. and Mrs. J. Wecker who ce'brated their 20th anniversary on the 16th of May.

A farewell surprise party for Mrs. G. Goldhawk was held at the home of Mrs. C. Benn. Sgt. Goldhawk of the PPCLI military band, will be retiring soon. Mrs. Goldhawk was presented with a silver tea service.

Here is an item of interest to Army cooks:

"An infantry depot commanding officer was worried when his recruits wrote home saying, 'Ma, I miss your apple pie.' So he wrote scores of letters to the mothers asking for their son's favourite recipe and offering a prize for the best. All the recipes will be put on the menu and the recruits will vote for the six they like the best. Tse first will get the prize, and the Mum's who sent the six chosen recipes, will be invited to the camp for the day."

OTTAWA. — Col. N. G. Wilson-Smith, DSO, MBE, CD, of Winnipeg, will go to Germany early in July to take up his new appointment as Assistant Chief of Staff (Plans) at Headquarters, Northern Army Group, Army Headquarters announced recently.

Col. Wilson-Smith has been Director of Combat Development at Army Headquarters, Ottawa,

Designate Dental Directorate

OTTAWA. — In order to make the tri-service functoin of the Royal Canadian Dental Corps clearly understood in the professional field and by various interested civilian associations, the top appointment of the Corps has been re-designated as the "Director General of Dental Services for the Canadian Forces," Army Headquarters announced recently.

Although the RCDC is a component of the Army, it is also responsible for the dental care of the other two services. The previous title for the chief of hte Corps was simply "Director General of Dental Services." Since he is an Army officer some members of the public incorrectly assume that he has a responsibility to the Army only. Present director general is Brig. K. M. Baird of Ottawa.

Most military dental personnel see service with each of the three services sometime during their careers.

The Corps was originally established in the spring of 1915 as the "Canaiadn Army Dental Corps." Just before the outbreak of the Second World War in 1939, it was designated as "The Canadian Dental Corps" and charged with providing dental care for the Canadian Armed Forces. In January, 1947, the word "Royal" was added to the title of the Corps.

A former commander of the Royal Canadian Dragoons, Col. Amy is now Assistant Standing Group Representative at NATO in Paris.

VITAMINS

The very name Vitamin leads to the exploitation of these compounds. They were first thought to be a protein derivative, an amini. That is, a part of the fleshy portion of food. When investigators learned that this was not true, the final 'e' was dropped. The 'Vit' portion tended to make people believe that these are vital necessities for life. They are no more vital than fat, starches, protein cr any other of the elements that are eaten daily. A better name is an essential nutrient.

There are approximately fifteen known vitamins, of these 9 or 10 are necessary for humans.

Vitamins do not control growth any more than other necessary foods. Weight and growth are often confused. Vitamin deficient diets in animals show that the animal grows but does not gain weight.

There is a required intake of all essential foods including vitamins. But we know more about the least quantity of vitamins required than the best amount.

No vitamin shortage has ever been found among the Canadian population who eat a balanced diet i.e. meat, fish, eggs, milk, enriched bread and fresh vegetables and fruit.

The human body is a complex machine and is able to adapt quite satisfactorily to a wide range of vitamin intake. Only when vitamins are absent entirely for very long periods are any ill effects seen.

A shortage of vitamins causes a decrease in food consumption, a loss of appetite.

Many cooks discard the fluid from canned vegetables and unknowingly throw away those vitamins that are soluble in water.

Overcooking, overheating and cooking in uncovered pots destroys vitamins.

There is a popular belief that excess intake of vitamins prevents disease. This is wrong. An excessive intake of vitamins can cause harm to the body.

Another popular fallacy is that synthetic vitamins are not as good as the naturally occurring ones. This is, of course, nonsense. There is no scientific evidence that natural or synthetic vitamins are different.

There are two main properties of vitamins. Some will dissolve in water, the rest dissolve in oil. Those people who insist on a dose of mineral oil for "regularity" are helping remove the vitamins, soluble in oil, that they require.

Take a tip. Don't waste good money on vitamin preparations unless your family doctor tells you to use them. You can get all the vitamins you need in any grocery store in a more attractive form and very much cheaper.

Accident Prevention

BEING A COURTEOUS DRIVER

There is more to accident prevention than just being a safe driver. Another very important factor which contributes to safe driving is courtesy.

Driver courtesy involves many things. It means respecting the rights and feelings of other drivers, of pedestrians and of your passengers. Driver courtesy goes beyond good manners and that which is required by law and the convention. A courteous driver is helpful and co-operative in traffic and does not ignore traffic laws and regulations.

Let's assume that you are a good driver. This test will help in finding out for yourself if you are also a courteous driver.

Question	Answer	
	(Yes)	(No)
1. Do you acknowledge courteous acts by others?	()	()
2. Do you control your temper and do not indulge in traffic "fights"?	()	()
3. Do you give the "right of way" to others?	()	()
4. Do you avoid double parking?	()	()
5. Do you always stop so as to keep clear of traffic?	()	()
6. Do you drive in the proper lane and avoid "lane-hopping"?	()	()
7. Do you sound the horn to warn, not reprimand others?	()	()
8. Do you start across intersection only on the green light and do not creep ahead while waiting for the green?	()	()
9. Do you stop gradually and smoothly?	()	()
10. Do you respect the rights of pedestrians?	()	()

SCORING

All numbers are worth 5 points except numbers 2 (20 points); 4 (20 points); 5 (10 points); 8 (20 points) for a total of 100 points.

If your score is 100 — you are a very courteous driver.

90 - 100 — you should do better.

75 - 90 — you must improve.

65 - 75 — you have a lot to learn.

Below 65 — you should not be driving.

Just remember that courtesy can keep a driver out of accidents. Safety and courtesy go hand-in-hand and safety is a product of courtesy. You should help set the example.
